RE: *U.S. Patent Application No. 10/733,212 entitled "REGULATION OF CELL GROWTH BY MUC1" – Donald W. KUFE*
Confirmation No.: 7998
Our reference: GENU:009USD1

Dear Examiner Hill:

After reviewing each of the Office Actions and the Notice of Allowability, it has come to our attention that the Supplemental Information Disclosure Statement, Form PTO-1449 and nine references submitted on December 19, 2006, were apparently never signed off by an Examiner.

The Final Office Action mailed on June 12, 2007, stated at the top of page 3:

Applicant has filed Information Disclosure Statements on February 25, 2005 and December 19, 2006 that has been considered. The citation AW, Yamamoto et al, of the IDS filed December 19, 2006 has been lined through because the Examiner has already entered this reference into the prosecution history of this application. The signed and initialed PTO Forms 1449 is mailed with this action.

However, no signed and initialed PTO Forms 1449 were attached to that Office Action. For your convenience we have enclosed a copy of the Supplemental Information Disclosure Statement and Form PTO-1449 that were filed with the Patent and Trademark Office (PTO) on December 19, 2006. The copies of the references previously submitted have not been enclosed. Please let us know if you would like us to resubmit those as well.

Please review and approve this Supplemental Information Disclosure Statement. If you need additional information, please let us know.
